WANT POOR BOARD PROBED.

Taxpayers Complain of Mismanagement in Oxford and Lower Dublin Employment Houses.

Perchell S. Woodin presented a petition to Judge Bulsinger in Philadelphia Court Wednesday, asking for the appointment of a committee to inquire into the affairs and accounts of the Directors of the Poor and the House of Employment for the townships of Oxford and Lower Dublin. The petition was signed by George W. Parsons, Henry Spangenberg, Frank Garton, Louis E. Vogel and Harry P. Hutzell, taxpayers, who complain that the affairs of the Directors of the Poor are being mismanaged and the taxpayers are suffering less therefrom.

There was an affidavit attached, signed by R. W. Ramsden, setting forth that on May 10 he had asked the secretary of the board for more definite information concerning the expenditure of \$2500 received by the audit as having been spent for a trip to Harrisburg, but all information was refused him.

Counsel for the board opposed the petition, alleging that the accounts were properly kept and audited and that the whole trouble was brought about by the complaints of a man named Ramsden, whose name was not in the institution maintained by the Poor Board and against whom they had produced no order for his arrest. Judge Bulsinger, however, ordered that his sister owned property and had been in the institution. Judge Bulsinger continued the case until next week so that an answer might be prepared and filed.

REAL ESTATE

BIG OPERATION NEAR LOGAN.

Samuel Shoemaker purchased from Thomas E. Dickey the block of ground on the west side of Broad street, from Fisher's avenue to Somerville avenue, and from Broad to Fifteenth street, lot, 576 feet by 292 feet. The price paid for the ground is reported to have been about \$125,000, or about \$25,000 an acre, which is not considered excessive for a lot so surrounded on every side by the best improvements on North Broad street. The ground will be developed by the erection of a number of high class dwellings similar to those with which that section of North Broad street has been improved in the past few years. Adjoining this tract is an operation of dwellings built last year by Edwin Hays, near Logan.

A Nervous Woman Finds Relief After Many Years

Women who suffer from extreme nervousness, often endure much suffering before finding any relief. Mrs. Daniel Kintner, of Danforth, O., had such an experience, regarding which she says:

"I had stomach trouble when I was eighteen years old that broke down my health and for years I suffered with nervousness, headache, indigestion, the most for a term years had spasms. The spasms got so bad I would have them three or four times a day. I began taking Dr. Miles' Nervine, and I must say it helped me wonderfully. I have had no severe nervousness for several years."

MRS. DANIEL KINTNER.
 1027 Pleasant St., Danforth, O.

Many remedies are recommended for diseases of the nervous system that fail to produce results because they do not reach the seat of the trouble. Dr. Miles' Nervine has proven its value in such cases so many times that it is unnecessary to make claims for it. You can prove its merits for yourself by getting a bottle of your druggist, who will return the price if you receive no benefit.

HATBORO HOME HAPPENINGS

POPULATION 1025.

Warren M. Cornell, assessor for this borough, has turned in his books to the County Commissioners and it is interesting to know just what he has found in his canvass. Total assessed valuation of improved real estate, \$579,750. Unimproved real estate, \$39,285. Number of cows, 22, valued at \$550. Number of horses 84, valued at \$4,315. Occupations, \$28,150. Mortgages held by residents of the borough subject to State tax, \$141,324. Number of dogs owned in the town, 57. Number of inhabitants in the borough, 1,025. It was not necessary for Mr. Cornell to take a census of the borough, but he was convinced that the census as taken in at the last census period, which gave the borough 965, was not correct and he kept an accurate account of all inhabitants at this date and finds that the borough has 1025.

BETTER TRAIN SERVICE ASKED

Hatboro Business Men Take Their Case Before Railroad Commission.

Howard W. Garner, attorney for the Hatboro Business Men's Association, with a number of other gentlemen from the borough, were before the State Railway Commission at its meeting at City Hall, Philadelphia, on Wednesday afternoon. Mr. Garner presented his petition which asked for additional train service on the Northeast branch. Those who testified were Dr. Thomas Reading, president of the Hatboro Business Men's Association; Warren M. Cornell, secretary of the Association; and Penrose Robinson. There were also present Joseph Addis, of the Ivyland Association and George W. Quigley, of the Willow Grove Association, and several persons interested in the Hillside cemetery. Both the railroad and the commission treated the representatives with every consideration. The railroads pointed out that the Northeast Penn was a losing branch of their lines and that they wish to spend as little money as possible but Mr. Voorhees, vice president of the Reading Railway, promised better consideration, and all those present, that he would have installed a midnight train for each weekday.

Navy have been at a suitable hour, for those who attended the theatre. As this promise came from such a reliable source and before the Commission as well as all present, it would seem assured that Hatboro and the residents of the Northeast would have a midnight train on and after the change in the fall schedule. It was pointed out that a train in summertime would be of little use and would only incur expense without doing the community so much good.

Those representing Hillside Cemetery and Mr. Robinson made a separate plea to have the train leaving Hatboro at 5:28 in the afternoon leave at least one hour earlier, as it is at that time the train between train leaving Hatboro in the afternoon.

Just what the Commission will recommend is not known at this time but it is shown that Hatboro at least will have the midnight train for next winter and to be continued thereafter.

Mr. Garner is to be congratulated on the way he handled this most important case and the results that will be obtained, some of which are already apparent.

Another improvement which is being brought about by the Hatboro Business Men's Association is the promise of the Rapid Transit Company to place a large car on our line on Saturdays and Sundays as the one heretofore used is too small and dangerous as it is always overloaded on the days mentioned.

BIG PAYMENTS TO PUBLIC.

The Directors of the Hatboro National Bank on Thursday declared the usual semi-annual dividend of three and a half per cent. and an extra dividend of two per cent. A snug sum was also available to carry to undivided earnings. The bank has had a prosperous six months' business, during which its deposits touched the highest point ever reached. Since the organization of the bank it has in addition to paying liberal dividends to stockholders, paid over \$25,000 in interest to its depositors, who have placed their funds on certificate. This large sum has been disbursed to residents of this section since 1887.

The Wednesday evening Philadelphia Bulletin prints the following: "Steve" Yerkes, second baseman of the Boston Red Sox, is looming up as one of the real stars of the American League this season. Few Philadelphia know, however, that this same Yerkes is the old University of Pennsylvania shortstop. Yerkes broke into the game at Hatboro, Montgomery county. He comes from a family of ball players but he has outstripped them all. He made good for the Red and Blue and then started into professional ball. He made good on the Altoona team and for the past two years has been with Boston. Last year he filled in at shortstop and was practically considered a regular. This

Hatboro Home Happenings

(Continued from Page Seven)

Miss Elinor Morgan entertained the
ladies matinee club last Saturday.
Harris Webster, greatly improved in
health, has returned to his home here.
Mrs. Edward Paxson entertained
the ladies bridge whist club on Tues-
day.

Dr. P. H. Markley, of Camden, N. J., a
former resident of the borough, was
in town on Tuesday.

Mrs. Brinton Hamman and children
spent Friday with her parents, Mr. and
Mrs. Harry Cozman, of Germantown.

Mrs. Warren Groom and Miss Reba
Kerr, of Jamison, and Atwood Ster-
ling, of Riverside, N. Y., called on Mr.
and Mrs. Brinton Hamman on Thurs-
day.

H. B. Willett and family are occu-
pying their handsome summer home
on York road this borough. Mr. Wil-
lett has greatly improved the place
since he purchased it.

Services in the Methodist Episcopal
church next Sunday, 10:30 a. m. The
Lord's Supper; 2 p. m. Sunday school;
7 p. m. Epworth League; 7:45 p. m.
preaching by the pastor.

Farm work and gardening have been
much delayed this spring by the con-
tinued cold, wet weather. The rains
have helped the grass, and the lawns
about town look their greenest.

Mrs. Robert Dameron and family,
who have been living at the corner of
Depot street and Byberry avenue, left
one day this week for Virginia, where
they will make their home.

Edward Friday and family on Fri-
day last week attended the funeral
of his mother, Mrs. Ellen Friday, at
Doylestown. She died on April 16, at
her home in North Wales, aged 75
years. She had been ill for a long
time. Mrs. Mary Kroust, of Willow
Grove, is a daughter and two sons, Wil-
son and Howard reside at North Wales.

Barton Quirk and his fellow student
at Lehigh University named Cooper
spent from Saturday till Monday at
the Quirk home. The young men
walked from Bethlehem to Doylestown
by way of Easton, over 40 miles. They
started about six a. m. and being
caught in the rain took a trolley car
at Doylestown, arriving in the bor-
ough about 9 p. m.

Great improvements are being made
at the Weiss greenhouses on Byberry
road. A new glass house about 300
feet long will be added to the already
extensive plant. New and larger bol-
lers for heating will be installed.
This requires an enlargement of the
boiler pit and the erection of a big
iron smoke stack. A large force of
men is now at work. Roses and can-
dians are the principal product, and
in a season thousands of blossoms are
sold.

People are saying that last month
was unusually rainy. Old Probabili-
ties, who keeps a record, says, there
have been only four years in the last
40 in which the number of rainy days
in April have exceeded those of the
present month, yet the total rainfall
for the month is considerably below
the average. During April rain fell on
14 days, and the total precipitation is
2.75 inches. The average precipitation
is 2.99 inches and the average
number of rainy days is 11.

At the Sunday evening service in
the Baptist church last Sunday the
following organizations were present:
Fortuna Lodge, K. of P., P. O. S. of
A., Loller Lodge and the K. G. E. There
was a special song service. Two se-
lections by a male quartette, W. H.
Hubb, N. E. Walton, W. Verly Walton
and Howard M. Colby; solo by Mrs.
Mary Colby Harper; mixed quartette
rendered a selection, and an anthem
by the choir. Rev. F. C. Colby gave a
short sermon. The church was filled
with people. Back of the pulpit was
hung a large American flag, on the
pulpit flags were also hung.

Auctioneer J. N. Watson conducted a
well attended and successful sale of
the personal effects of Dr. William
Hannum last Saturday afternoon. Al-
though rain fell, the buyers stayed and
things sold at good prices, especially
the antiques. One old table brought
\$67, a sideboard sold for \$78, etc. The
sale amounted to about \$600. While
the sale was in progress some excite-
ment was caused by two colored res-
idents of Willow Grove. Sawney Cot-
ton punched the head of Charles Pal-
mer. There was considerable noise
but not much damage was done, dur-
ing the brief scrap. The Hannums de-
parted for Philadelphia on Tuesday.

There are about 88 miles of turn-
pike in Bucks county on which tolls
are still collected—mostly in the
middle districts of the county and
about Quakertown. Sixty-three miles
of pike in the county have been con-
sumed and freed from tolls at an av-
erage cost to the taxpayers of about
\$2000 per mile. There are about six
miles of pike not consumed, but on
which the collection of tolls has been
suspended.

GERMANTOWN BANK'S NEW HEAD

Walter Williams Elected to Succeed
Howard Comfort, Deceased.

Walter Williams, formerly vice-pres-
ident and cashier of the National Bank
of Germantown, has been elected pres-
ident, to succeed Howard Comfort, de-
ceased. The new head of the institu-
tion has been with the bank for twenty-
three years. He was originally a
clerk and advanced uninterruptedly
being advanced to the post of cashier
in 1906 and vice-president three years
later, holding both places.

Refusing to answer at a hearing be-
fore Justice C. R. Nightingale, of Do-
ylestown, as to whether he had stolen
\$20 from a sideboard in the home of
Mrs. Mary Trauger, Charles McDonald
is in jail in default of \$500 bail.

Philadelphia Theatres

A WILD GOOSE AT ADELPHI.

The success achieved by Willard
Spencer's new opera "A Wild Goose"
has proved most gratifying not only to
the composer but to the management
of the Adelphi Theatre where the piece
is now playing having been moved
over from the Lyric in order to make
room for "Mama's Baby Boy" which
held the contract for the open time be-
ginning April 29th.

"A Wild Goose" has proved to be a
worthy successor to Willard Spencer's
first opera namely "The Little Ty-
coon," "Princess Bonnie," "Miss Bob
White" and "Rosalie." The story is
simple but most amusing and the
musical numbers are the most fun-
tional that have been heard in Philadelphia
in many a day.

To Fred C. Whitney, who produced
"A Wild Goose," must be given credit
for having selected a cast which is
well nigh perfect. The big company of
seventy people is headed by Ethel
Jackson in the role of Princess
Violetta; Mabel Weeks as Miss Van
Rensselaer; Grete Riley as Amarilla;
George Richards as Captain Bobaty;
David Reese Dick and John May as
Corporal Puff, U. S. A.

The real hit of the show however, is
Will Phillips whose role of the
part of Turnip is highly amusing.
Turnip it will be remembered is the
jersey farmer who has learned how to
make love by the correspondence
method and whose translation from a
rural to a city life is the cause of
causes much of the laughter of the
opera. To the lot of Mr. Phillips
falls one of the big song hits of "A
Wild Goose" namely "Mooney, Spoon-
ey Moon," which is now being sung
and whistled all over the city.

Other catchy numbers are "Your
Dream Love," "If He Would Only
Love Me," "I Don't Want To Die a
Soldier" and "When You Love."
During the spring and summer run
of "A Wild Goose" the Adelphi
Theatre the midweek matinee will
be given on Thursday as is customary
at that house. The prices of seats
will also prevail ranging from 50
cents to \$1.00 for the Thursday after-
noon performance.

"MAMA'S BABY BOY" A SENSATION

The Lyric Theatre, Philadelphia, has
as its great rip-roaring, musical
riot entitled "Mama's Baby Boy" and
which was seen for the first time on
any stage at the above theatre.
George W. Lederer is the producer.
This is the same George W. Lederer
who produced "Madame Sherry" and
in "Mama's Baby Boy" he has shown
a genius that puts him in a class by
himself. In the first place his now
timely policy of "live and let live"
prices making the best seats 50c, 75c,
and \$1.00 and at matinees 25c and 50c,
has established a policy that will cause
other musical comedy producers a
great deal of worryment. Almost every
critic in Philadelphia said that
"Mama's Baby Boy" was a legitimate
\$2.00 attraction. It is needless to say
that at every performance a Standing
Room Only sign has been in evidence.
The big hit scored by "Mama's
Baby Boy" has caused the manage-
ment to place seats on sale four weeks
in advance. Owing to the great de-
mand it will be impossible to hold or-
ders more than ten minutes before the
doors open. Mail orders when accompanied
by check will be filled in the order re-
quired. Individual hits were scored by
every principal in the company. Among
those who received ovations were Mc-
Intyre and Bobbie Barry, Miss
Collins, Albert Hart, Gertrude Carlisle,
Jessie Cardowine, Junie McCree,
Mamie Goodrich, Miss Elizabeth
Murray (late star of "Madame
Sherry") who appeared only in the
Kitchen Cabaret scene as a special
feature. Incidentally this Kitchen Ca-
baret is one of the greatest novelties
ever seen. In "Mama's Baby Boy"
there is the greatest dancing chorus
Philadelphia has applauded in
many a day. They are "Lederer's
Little Jaws" and each one individually
is clever and pretty enough to do a
specialty of her own besides the
"Little Jaws" there is a typical very
of show girls. The music is delightful.
It was composed by S. S. Lane,
who is directing the augmented or-
chestra. Matinees are given at popu-
lar prices Tuesday and Thursday, no
seat over 50c at these matinees. The
Saturday matinee has the same scale
of prices as the night shows which means
best seats \$1.00. Better put your or-
ders in now don't wait until you go to
town, if you do you will find there is
nothing but standing room left.

BANKER'S WIFE FOUND DEAD

Mrs. Francis E. Bond Suffocated by

Pillows During Epileptic Attack.

Mrs. Margaret R. Tyson Bond, the
wife of Francis E. Bond, a former
member of the banking firm of Edward
B. Smith & Co., was found dead in her
home, Willowbrook House, Penlynn,
last Saturday, death being directly due
to suffocation occasioned by an attack
of epilepsy. Before her marriage Mrs.
Bond was Miss Margaret R. Tyson, a
daughter of Mr. and Mrs. Carroll S.
Tyson. She was 41 years old.

Mr. Bond is said to be in Europe,
and in the house at the time of Mrs.
Bond's death were a trained nurse,
Mrs. Bond's two children and Miss
Emily Newbold, who had been visiting
the family for several days.

The nurse went to call Mrs. Bond
as usual early Saturday morn-
ing, but discovered her appar-
ently resting quietly and did not
disturb her. Mrs. B. in the
morning the nurse entered her mis-
tress' room again and found Mrs. Bond
in the same position and thinking
something possibly might be wrong,
called Doctor Godfrey, of Ambler.

Upon examination it was found that
Mrs. Bond had died of suffocation,
her face being buried in the pillows.
She had probably assumed this posi-
tion during an attack of epilepsy dur-
ing the night. Coroner Neville, of Con-
estown, took the case and
concluded that death had been the re-
sult of natural causes.

The city authorities should give
this roaded attention not once.

Metal and Seed.

White Lead and White Zinc made
from the Metals Lead and Zinc are
pigments. Linseed Oil is pressed out
of Flaxseed. A little Oil mixed with
these pigments constitutes the L. &
M. semi-paste Paint. It is made so
that by adding a quart of L. & M. semi-paste
to a gallon of L. & M. semi-paste—
134 gallons of ready for use Paint is
produced at a cost of \$1.00 per gallon.
Anybody can mix the Oil with the
& M. in five minutes. It saves from
\$5. to \$25. in painting a house.
